BACKGROUND

Istanbul is a point of convergence for many refugees from Syria, Afghanistan and Iraq on their travels towards Europe. They reach this point after a long journey through mountains and rivers. In Istanbul they need to find smugglers to organise their hazardous crossing to Greece where some succeed and some others don't.

Please visit trythejourney.com
 Here we will post updates on the game, share alternative rules and provide the possibility to print additional Journey Planners.

This game is part of **The Journey**
 A transmedia project on migration
